ONE DAY TOURS

A WARM SHOPPING TRIP WITH WOVEN GOODS AND CANDLES

The Klippans Yllefabrik woollens mill has been making highquality woven goods for more than 130 years. The factory store is brimming with home textiles and decorative items. We proceed to one of the small farm shops in the region, Skånehill, which sells products made from what the farm produces in the way of fruit, berries, honey and much more. We enjoy a delicious lunch at a historic inn, Margrete-torps Gästgivaregård before proceeding to Stearinljusfabriken, which produces high-quality candles of 100% stearin. At Evas Strutsar, an ostrich farm, we visit the ostrich barn before going into the farm shop to sample the delicacies. The journey ends at Byskolan – the Old Village School – in Gånarp, where the coffee tables jostle with the handicrafts on offer in the shop.

DURATION: About 5.5 hours

“LAY MY TABLE” SHOPPING TOUR

Jelly Bean’s colourful collection in glass and pottery shines in the little shop in Båstad. This is where we begin our journey to fill our table. Afterwards, we go on to the village of Boarp and Vävaren i Båstad, the “Weaver in Båstad”, who makes home textiles of pure linen. We start with a guided tour of the weaving workshop before we visit the shop. After lunch, we go back to independent browsing in the many shops and outlets of Boarp. The next stop is Tant Grön’s charming farm shop where the shelves are crowded with delicacies from near and far. The tour ends at Café Killeröd, whose specialty is an apple meringue cake – the fabulous view is free.
